

Co-Ownership Fishing Expedition Yacht

Norwegian Fjords, Lofoten, Spitsbergen

Myself is working offshore in oil & gas, and due to limited time for using it as much it deserves, I am hereby inviting interested sportsfishers and explorers for co-ownership of this private exploration and expedition gentlemen's yacht, based in Ålesund (the Fjords) or Lofoten at wintertime and Svalbard/Spitsbergen at summertime, or wherever else we agree on can be a nice location to explore.

40 feet – 12 meters - long. Economy - /full speed: 10 knots / 12 knots. New engine. Dinghy with outboard. All navigation and rescue equipment for safe trips. Comfortably live onboard of 2 small families or 6 adults.

Buy shares in ownercompany: NOK 39.000 per week (6 months use or 50% of shares for sale) + a smaller annual maintenance contribution. Use it yourself, or for friends, business associates or family. Generated income for rentals and use to other than owners, is profit shared by the shareholders.
